Press release 2/2017

WINAICO extends product warranty to 15 years

WINAICO improves the product warranty for the complete solar module portfolio to bring more protection to customers' solar investments.

Creglingen, 24.01.2017 – WINAICO, a subsidiary of Taiwan's biggest solar module manufacturer Win Win Precision Technology Co, Ltd., extends the product warranty of all its solar module series to 15 years.

The new warranty terms are introduced retroactively as of January 1st 2017 and complement the 25-year linear performance guarantee that was already introduced in 2012. By extending the product warranty to 15 years, WINAICO stays ahead of the market with longer duration of protection to the customers from material or production defects in solar modules. The 25-year linear performance guarantee ensures a performance of at least 97 % of rated performance in the first year, and annual power degradation no more than 0.7 % in the following 24 years.

“We are very pleased to provide this additional protection to our customers”, said Davis Chen, Chairman and CEO of WINAICO. “All WINAICO modules are produced in our own manufacturing plants at the headquarters in Taiwan. We monitor all stages of the production process of each module to ensure top quality for our modules. With the extension of our warranty terms we emphasise the trust in the performance of our solar modules and offer more protection to our customers' solar investments.”

WINAICO – Manufacturer and system supplier

As a global PV brand based in Taiwan, WINAICO manufactures and distributes crystalline high performance modules worldwide. Furthermore, as a systems house for photovoltaic, WINAICO delivers complete PV system packages.

Target customers include solar specialists, solar technologists, installation specialists and project developers. Installation specialists profit here from the superior product quality of products manufactured in Taiwan in accordance with the highest quality standards, as well as from the comprehensive consultation, planning and maintenance services from WINAICO. Generous stock levels ensure the rapid availability of WINAICO products.
