Press release 4/2021

### **WINAICO increases plant size for system protection in Europe to 15 kW**

*Applies to all module types as of 1 May 2021*

Creglingen, 29.04.2021 – For more than 10 years now, WINAICO Deutschland GmbH, a subsidiary of the Taiwanese solar module manufacturer Win Win Precision Technology Co, Ltd, has been offering insurance cover that is highly appreciated by its customers.

The insurance package optimally protects the entire photovoltaic system including electricity storage from day one against all property damage, business interruption damage and possible reduced yields. The first year of insurance is still free for customers who choose solar modules from WINAICO. The insured system size has been increased to up to 15 kW; previously this was limited to systems up to 10 kW in Europe.

In addition, WINAICO customers benefit from a one-time extension option with which the all-round carefree protection can be easily extended to a total of 10 years.

"We are very pleased to be able to offer our customers free insurance cover in the first year for systems up to 15 kW. This innovation applies to all WINAICO module types and will come into effect on 1 May 2021," says Marc Ortmanns, Head of European Sales & Marketing.

## **WINAICO – Company profile**

Established in 2008, WINAICO is one of the world's oldest solar module manufacturers. WINAICO's crystalline high performance modules are produced at the companies HQ in Taiwan and distributed via its worldwide subsidiaries.

Thus WINAICO customer benefit from the superior product quality of products manufactured in Taiwan and all the amenities of local warehousing, logistics, order processing and customer care.

Target customers include all relevant B2B customers such as solar specialists, installation companies, electrical distributors and project developers.
